Internet Access at Portsonachan Hotel and Lodges

Due to the rural location of Portsonachan, providing guests with high quality fast internet access is a challenge, but we appreciate that many customers need to keep in touch from both a work and personal perspective.

With this in mind, over the past 12 months we have been working with Leisure Connect, a specialist in providing broadband to rural locations based in Glasgow.

To allow customers to choose a service that best suits their needs we have 2 options to guests, the first is a free service that is suitable for reading emails and basic web browsing.

To access this service, choose **Portsonachan Free WiFi**

Our second option is more suited to customers who are wishing to use social media, streaming services, download large attachments, or online gaming, this service is charged at the following rates...

1 Day £3.50 – 3 Days £6.50 – 4 Days £8.50 – 7 Days £11.50

All plans are valid for 2 devices. To access this service, choose **Portsonachan Premium WiFi**

Should you need assistance, please contact Leisure Connect, you can contact them by
